

Renomads Design Services

Design services are a required part of Renomad's experience, the exception being that the client chooses and obtains all materials before the start date of construction.

Payment Arrangement:

Initial down payment of \$100 secures you a meeting with our designer. During that time you will establish a general aesthetic and then collaborate on a desired end vision that meets the standards of the homeowner, while budgeting using Renomad's estimate. Material and color choices will be finalized ordered and obtained by the designer and available for the tradesmen at the start date of the project. This consultation has a two-hour cap.

Additional design services outside the scope of this agreement will be billed to the client at the hourly rate of \$60/hour. These services include but are not limited to 2-D floor plans, interior design boards, 3-D rendering of designs, project management, meeting with contractors on-site, delivery, coordination, shopping services, etc.

Purchasing:

All materials will be purchased by Renomads LLC. Orders will not be finalized until the client has approved the finalized cost.
